PROFILE SUMMARY

Entry-level Full-Stack Developer with 1 year of hand-on experience through multiple internships in full-stack web development, specializing in MERN stack technologies (MongoDB, ExpressJS, React, NodeJS). Strong foundation in backend system, RESTful API development, and database management, with a passion for building scalable solutions and continuous learning.

WORK EXPERIENCES

PT. Media Andalan Nusa

Back-End Developer Intern (February, 2023 - December 2023)

- Developed and maintained RESTful APIs for web and mobile applications using MERN stack
- Designed and tested API endpoints using Postman, ensuring seamless integration with frontend applications
- Optimized database queries in MongoDB, improving application performance by 50%
- Collaborated with frontend developers to enhance API usability and performance

PT. Media Andalan Nusa

Full Stack Developer Intern (November, 2022 - February, 2023)

- Built and optimized web applications using the MERN stack (MongoDB, Express.js, React, Node.js)
- Redesigned web pages using Divi Builder, improving UI/UX for better user engagement
- Learned and applied Flutter and React Native to develop cross-platform mobile applications
- Assisted in developing and deploying RESTful APIs, improving data flow between frontend and backend

COVID-19 Response Acceleration Task Force, Jakarta

Back-End Developer Intern (June, 2020 - September, 2020)

- Developed and maintained backend functionalities for a task-force website using PHP, HTML, and CSS
- Designed and optimized MySQL databases, ensuring efficient storage of COVID-19 case data
- Managed data entry and engineering, maintaining data integrity and accuracy for public health tracking
- Implemented database relationships between customers, COVID history, and locations to improve data management

---

EDUCATION

Kalbis Institute (September 2017 - December 2021)
Bachelor of Computer Science, Informatics

GPA: 3.71 / 4.00

Cahaya Sakti Vocational High School (July 2014 - May 2017)
Vocational High School, Multimedia
